Homoeopathic Repertory & Case Taking

INTRODUCTION

Homoeopathic Repertory is a dictionary or Storehouse or and index to the huge mass of symptoms of the Homoeopathic Materia Medica. The Repertory is organized in a practical form indicating the relative gradation of drugs. Repertories not only contain symptoms of proving but also clinical and pathological symptoms found in the Homoeopathic Materia Medica. Repertory serve as an instrument at the disposal of the physician for shifting to the maze of symptoms of the vast Homoeopathic Materia Medica. Repertory aim at simplifying the work of the physician to find the indicating remedy by eliminating the non- indicated remedies. Repertorization is not the end but a means to arrive to the simillimum and reference to the Homoeopathic Materia Medica based on sound principles of philosophy.

In order to use this instrument effectively one must understand thoroughly is conceptual base, construction, utility and limitation.
